Daniel Alvarez

FULLSTACK WEB AND MOBILE SOFTWARE ENGINEER

Profile

As a seasoned Software Engineer with over four years of experience, I design and develop innovative web and mobile applications with UX/UI in mind. I'm proficient in diverse software development technologies while excelling in the Software Development life-cycle. As a team player, I serve as a catalyst for collaborative success, equipped with exceptional communication skills, adept issue detection and resolution capabilities, strategic thinking, and a self-driven learning mindset.
